# Introduction

This kit is a Quick Release Integration Bracket with Bump Bar Mount. This kit is compatible with Kitchen Controller 3 (KC3) and Kiwi 2 controllers. It has also the 75 mm and 100 mm VESA patterns.

## Components

The following image illustrates the kit and its components:

## Installation Procedures

To install the kit, follow these steps:

1. Attach the monitor mount to the integration bracket. The monitor easily fits into the slot holes of the bracket.
2. Attach the bump bar mount to the integration bracket.
  - a. Hold the bump bar mount with the flat side facing forward.
  - b. Align the holes of the bump bar mount to the holes of the integration bracket.
  - c. Insert a screw from the top of each hole and tighten it to attach the bump bar firmly into the bracket.

CCP-60139

3. Once the kit components are firmly assembled, attach the kit to the radial arm or counter pole mount if desired.
4. Mount the kitchen controller and the bump bar to the fully assembled kit.
